

Serving the communities of  
Hartlepool & East Durham

Alice House Hospice

## Long Term Care Unit

24 hour nursing care for patients that have Continuing Health Care needs.

For many years we have seen patients come into the Hospice who are ready for discharge yet there is nowhere appropriate for them to be discharged to.

Their family may feel they are unable to manage at home but that their relative would not want to live in a care home.

**Caring physically,  
psychologically, socially  
and spiritually for  
patients and their families**

Dignity, Respect, Support and Care

**The Long Term Care Unit** is supported by a Consultant led Multi-Disciplinary Team which includes healthcare professionals such as: Hospice Doctors, Nurse Practitioners, Registered Nurses, Senior Healthcare Assistants, Healthcare Assistants, Complementary Therapist, Physiotherapist and Occupational Therapist. This specialist team allows a holistic approach to each individual's care plan enabling their needs and wishes to be considered.

All of our patients have access to their own individual room with en-suite facilities and the beautiful gardens surrounding the Hospice.

Every patient's individual nutritional needs are assessed and home cooked food is provided; whatever and whenever the patient would like it.

**For further information about Long Term Care Unit please contact the Hospice at:**
